## News from C & A Hurst Opticians 2010

**Welcome** to the eighth edition of our 'Eylights' newsletter. Thank you for all your positive comments on our newsletters, we are pleased you enjoyed reading our news.

Gareth and Jess's Wedding on Saturday 16.10.10  
Frances, Alison, Alan, Jess, Gareth, Caroline, Katrina

A happy, exciting day for all the family, welcoming Jess on becoming a Hurst!! Gareth and Jess were married on 16th October at Killingworth Church, Newcastle. During the service Frances was an usher, Katrina gave a reading and Alison played her flute during the signing of the register. Many of the guests travelled to the church and back to the Vermont Hotel in the centre of Newcastle in a red double-decker bus! The lovely reception was followed by a ceilidh, and a disco, and we had a wonderful time.

Gareth is now back in Leeds taking a PhD in Maths and Jess is working with children's programmes at the Media Museum in Bradford. Alison began a 2 year Masters degree in Music Therapy at Anglia Ruskin in September and is already out enjoying her placements. Katrina is in her final year at The Urdang Academy in London taking a degree in Professional Dance and Musical Theatre. She has an exciting year of performances and dissertation, hoping to sign on with an agent to start her stage career. Frances is in her final year at Hinchingsbrooke School and is now applying to Universities to take a degree in Maths. Frances has also recently qualified as a street dance teacher and is teaching at LA Dance Club.

Caroline has had a full year with courses, and not only speaking at the International Congress of Behavioural Optometrists in Los Angeles in April, but also teaching in Boston and San Francisco in August. Alan has completed his Presidential year with Rotary, and also enjoyed a charity bike ride between Burnley and Newcastle in September.

## Hamish

Hamish 30.5.96 - 22.7.10

It is a great sadness that also this year Hamish died on July 22nd. He was 14yrs old and his back legs finally let him down. Hamish had been part of the practice, as well as a much loved family pet, since he was 8 weeks old and he loved meeting people and joining in everything that was going on. I'm sure he will be missed by many of you too.

## Alan's Presidential Year

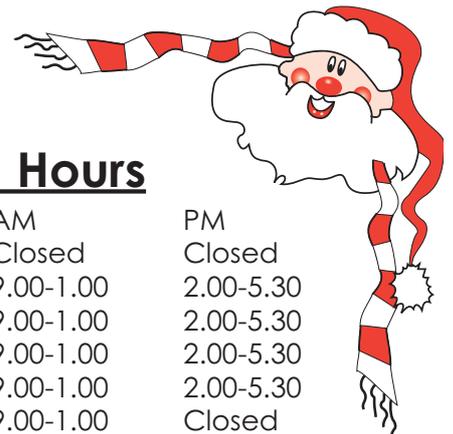

Alan with Sir Henry Cooper

Alan's Presidency of the Rotary Club of St Neots St Marys ran until the end of June. It was a fantastic year with the club supporting many local charities. Over Alan's Presidential year the Rotary Club of St Neots St Marys has given over £20,000 to local charities and organisations. The highlight of the year was having dinner with Sir Henry Cooper at the annual Sportsman's Dinner held on the 11th March, and presenting a cheque for £1500 to the Teenage Cancer trust appeal at Addenbrookes Hospital.

## New Digital Design Lenses

One of the latest developments in lens design is to have digitally designed lenses. These lenses are up to 12% thinner and 20% flatter than conventional lenses, making them lighter and more comfortable to wear. The flatter design gives the lens a less bulbous appearance, and gives Optimum vision with distortion free vision.

These lenses are individually designed and are so personalised that the patient's initials are microscopically engraved on to the lens! Please ask for information on these lenses at your next visit.

## Opening Hours

	AM	PM
Monday	Closed	Closed
Tuesday	9.00-1.00	2.00-5.30
Wednesday	9.00-1.00	2.00-5.30
